Project Name	Credit Card Approval Prediction
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing actions, touchpoints, thoughts, feelings, ownership, and improvement opportunities.

Phase of Journey	Stage 1 Awareness	Stage 2 Consideration	Stage 3 Decision
Actions	• Learns about credit cards • Visits eligibility portal	• Enters personal & financial details • Reviews requirements	• Submits application • Receives approval prediction
Touchpoints	• Bank Website • Social Media	• Eligibility Portal • Application Form	• Flask Web App • Email/SMS
Customer Thoughts	• Am I eligible? • Which card suits me?	• Will my credit score qualify? • What documents are needed?	• Will I be approved? • Can I trust the result?
Customer Feeling	• Curious • Interested	• Hopeful • Anxious	• Satisfied if approved • Disappointed if rejected
Process Ownership	• Marketing Team	• Credit Risk Team • Data Team	• AI/ML Model • Credit Approval Team
Opportunities	• Increase awareness • Explain eligibility	• Simplify data entry • Real-time validation	• Improve prediction accuracy • Explain rejection reasons
